Short Questions

- 1-Ans* Marshall: Economics is the study of mankind in ordinary business of life, focusing on material welfare.
* Robbins criticized: It ignored scarcity and choice; too narrow as it excluded non-material aspects.

2-Ans	Point	Economic Activities	Non-Economic Activities
	Definition	Activities for monetary gain	Activities for love, affection, sympathy
	Motivce	Income, profit	Satisfaction, service
	Relationship	Business / work relations	Social / personal relations

Long Questions

- 1-Ans* wealth (Adam Smith): Economics = study of wealth creation.
Features: Focus on production, distribution, accumulation of wealth.
Criticism: Ignored human welfare, too materialistic.

* Welfare (Marshall): Economics = study of mankind in ordinary business, focusing on material welfare.
Features: Human centric, welfare oriented.
Criticism: Ignored scarcity, limited to material welfare only.

2-Ask * Scarcity (Robbins): Economics = study of human behavior as relationship between ends (unlimited wants) and means (scarce resources).

Features: Focus on choice, scarcity, allocation.
Criticism: Ignored welfare, growth, dynamic aspects.

* Growth-Oriented (Samuelson): Economics = study of growth and efficient use of resources over time.
Features: Dynamic, development-focused, includes future growth.

Criticism: Too broad, difficult to measure welfare precisely.
